MARAZZI

SistemT - Graniti

Graniti by Marazzi is a hi-tech porcelain tile collection characterized by surface micro-granules. Available in a variety of sizes and colours, an increased tile thicknesses and range of surface finishes lend the Ecolabel-certified Graniti collection its anti-slip characteristics and exceptional resistance to wear and tear, thus making it ideal for wall and floor installations in industrial, business and outdoor environments. Part of the Marazzi high-performance porcelain tile SistemT project, Graniti is coordinable with Cromie and Kaleidos, the other SistemT collections, and also with the SistemA coloured porcelain tile project.
